3 CANDIDATES FOR COUNCIL— MAYBE MORE?

This Thursday at high noon is the absolute deadline for persons to file their papers for candidacy in the April 12 Daly City municipal election. Persons who haven't registered to vote also must do so before Thursday evening.

Papers for city councilmen, city clerk and city treasurer are available at City Hall, 75 Wellington avenue. These must be endorsed and returned to the city clerk.

Field for the two Daly City council seats, four-year posts, was unusually small at press time. Unless there's a flock of eleventh hour entries, the council scramble could be the smallest in recent history as far as the number of candidates is concerned.

Incumbents Francis Pacelli and Joseph Verducci, and former Councilman Del C. Wilson have launched their campaigning. An expected fourth candidate, service station owner and school board chairman Joseph Lewkowitz, 501 Vista Grande avenue, still hadn't announced his decision as of press time Tuesday morning.

Locomotive engineer Sanford Vickers, 47, of 155 Abbott avenue, ended rumors about his intentions Monday with the press announcement that he would not be a candidate for council because of his assignment as legislative representative of the Brotherhood of Locomotive Engineers. Vickers, who served on Daly City council from 1955-58, said he would be unable to give sufficient time to the council if he were elected.

Wilson, a real estate broker and appraiser who resides in St. Francis Heights, was unsuccessful in his re-election bid early in 1958. There were 11 candidates and Wilson finished seventh in the balloting for three seats. Vickers was sixth in the same election, placing ahead of Wilson by 504 votes, 1661 to 1157. The number one finisher in 1958 mustered 2878 votes.

Two candidates make the city treasurer's race particularly interesting. Challenging the incumbent, former mayor Paul G. Selmi, is Peter J. Becker Jr., 62, an electrician who lives at 824 Templeton avenue. Selmi, long active in Daly City politics, resides at 67 Miriam street. The treasurer's position is salaried at $4800 a year, or $400 a month.

It appears that Mrs. Evelyn Mosman, city clerk, will have no opposition for re-election to her $7200 a year job. No one besides her had taken out papers for this race as the newspaper was written. A former schoolteacher, Mrs. Mosman has been a city employee more than 15 years.

Shipfitter, 61, Faces First Degree Murder Charge For Wife Slaying

HAPPY attitude of Maria and Daniel Conti in side picture taken last fall by THE RECORD publicizing their frontyard — grown corn, was reversed early Monday morning when the 61-year-old husband shot his wife to death. He said his wife had taken out divorce papers. The Grand Jury is expected to indict Conti on a first degree murder charge. Police Sgt. Charles Terry of Daly City is pictured above with Conti prior to latter's municipal court arraignment Monday afternoon.

Victim Was 72

HUSBAND PLEADS 'NOT GUILTY' IN MUNI COURT ARRAIGNMENT

Slightly built Daniel Conti entered a "not guilty by reason of insanity" plea Monday afternoon in municipal court on a charge of murdering his 72-year-old wife early that morning in their Daly City home at 28 Knowles avenue.

Police Capt. Roy Beecher of Daly City said the County Grand Jury undoubtedly would seek a first degree murder indictment later this week in special session.

The 61-year-old shipfitter meanwhile was transferred from Daly City custody to county jail.

The 6:30 a.m. slaying jolted friends of the Italian-descented couple who had been married 20 years.

Conti, who walked the few blocks to the police station minutes after he admittedly twice shot his wife, Mary, in the chest with .22 rifle slugs, said they had been arguing over her intentions for a divorce.

It was disclosed that about two weeks ago Mrs. Conti, who was popular with her top-of-the-hill neighbors and merchants, had taken out divorce papers. Friends recalled that the elderly pair had engaged in frequent bitter arguments, many of these in public.

Daniel said he arose at 6 a.m. Monday and was preparing to go to work. An argument about their divorce began, he told police, and then he loaded his target-shooting .22 rifle and fired as his wife was still in bed. The first shot pierced below her right breast and went out her back. Conti stated he couldn't stand to see her suffer, so he pulled the trigger again, this time sending a bullet through her heart and ending her life.

The Bethlehem Steel employee then changed clothes to "look presentable," and walked swiftly up the hill and across Mission street to police headquarters on Wellington avenue. Officer Al Nicolini was at the desk. He hurriedly summoned the department's inspectors who rushed to the residence.

Beecher said the haggard Conti, emotionally shaken but still clear-headed and direct in his account of the slaying, seemed to be telling the truth in its entirety.

The police captain said he believed the victim had been married twice before and had five children, four of these by her first husband. One of her survivors, a deputy sheriff in Tacoma, Washington, was on his way to Daly City as this was written.

Conti, Beecher explained, was married once previously and

Flipped Trucker Unhurt

Captain Harold Schrock, fireman Lyle Church and Battalion Fire Chief Wayne Alexander pulled Cardell W. Campbell, 745 Carl street, San Francisco, out of his truck which overturned at Northgate avenue and Northgate Court Saturday in Westlake.

Alexander said Campbell was pinned between the seat and top of the cab and couldn't wriggle free. After being taken from the cab of the truck Campbell was transported to Junipero Serra Hospital. He was uninjured.

The 1956 Holland Furance Company truck was not in as good shape. Two young boys said the 37-year-old sanovac operator was going between 60 and 65 miles per hour when he tried to make a left turn. Campbell said a car was coming in the opposite direction.

Officer Philip LaBruzzo said he didn't find a driver's license on Campbell. The man was not cited pending further investigation.

$200 IN CASH STOLEN FROM STORE'S SAFE

Two hundred dollars in one dollar bill stacks were taken from an unlocked safe at Pacific Market, 6212 Mission street, Thursday between 6:30 and 9 p.m.

Edgar C. Binkley, 47, store manager, reported the theft to police. A clerk, Sheldon E. Lewright, notified Binkley of the theft. Lewright told Officer Art Linhares that he opened the safe to deposit some checks.

He had to go on the floor to wait on customers and left the safe open. When he returned at 9 p.m. he noticed two quarters lying on the floor by the safe. It was then he noticed the two stacks of money missing. A check by Binkley confirmed that $200 was missing.

Lewright and Binkley said there were a lot of customers in the store at the time of the theft.

Husband Held For 'Beating'

Neva Lucille Morris, 23, 424 Hillside boulevard, lower apartment, signed a complaint at the distirct attorney's office last Wednesday charging her husband with assault and battery. She had just been released after a six-day hospital stay.

Officer David Johnstone, who took the woman's narrative, said police reported to the Morris apartment on February 2 on a complaint from neighbors that James C. Morris, 25, was playing his stero set too loudly.

Mrs. Morris, who was visiting upstairs, came down after the 2:30 a.m. police call and tried to waken her husband by pinching his toe. He allegedly struck her a number of times, kicked her and threw her against the wall.

She said she ran out the garage door and up Hillside boulevard but her husband caught up with her. He was then said to have struck her, leaving her unconscious. When she awoke she way lying across his shoulders and was being carried back to the house.

When they got back to the apartment he told her to get all her clothes together as he was going to move her to her mother's house trailer in Pacifica. She claimed she was getting her clothes from the closet when he struck her in the back of the neck and then kicked her as she slumped to the floor.

He then took all her keys and money and dumped her into the car, the report claimed. As they were driving to Pacifica, Mrs. Morris said she made a number of attempts to get out of the car but was struck repeatedly, suffering a broken nose.

Johnstone took her report and then drove her to the district attorney's office. She noted that she had spent six days at St. Luke's Hospital while recuperating.

CHIEF IS ANGRY

Fireman Hurt In 'False Alarm' Call

Fire Chief Elmer Kennedy didn't need a graphic illustration to depict what could happen when a false alarm hinders firemen. He had an actual case Monday at 9 p.m.

Battalion Fire Chief Wayne Alexander and fireman James Dresser, 27, 83 Carmel avenue, got into fire car no. 2, a two-door sedan, and sped to the scene. Enroute to the Baldwin and Westmoor avenue fire box, the car ran into a culvert. Dresser was thrown to the pavement suffering bruises of the chest, it was later learned.

Extensive damage was done to the 1951 auto. Alexander was uninjured and luckily Dresser was not hurt badly. Meanwhile, Westmoor wrestling coach Bob Blevins spotted the two boys who pulled the alarm and held them for Alexander. When he finally arrived, Alexander turned the two 11-year-old Our Lady of Mercy grammar schoolboys over to Officer James Sunderland.

The two boys were released to the custody of their parents with orders to report back to the police station, Officer Steve Steen noted.

Fire Chief Kennedy said, "It wouldn't have happened at all if the false alarm hadn't been sounded. We're very much concerned over these calls. Personal injuries of this type are unnecessary, takes personnel out of service and uses equipment when it might be necessary to have it at another site for a real fire."

Kennedy noted that three firemen were injured a couple of years ago when their engine was struck by a bus. "Again, it was a false alarm that caused all the trouble," he stated.

Assistant Police Chief Roy McLaren noted, "We've had a number of false alarm cases recently and have been extremely lucky up to this time. An accident is bound to occur when a number of false alarms are received," he said.

FIREMEN HALT $3000 BLAZE ON BELLEVUE

Three thousand dollars damage was done to the combined kitchen-living room of Ina Lee Wayrynen, 483 Bellevue avenue, last Thursday at 7:30 p.m., according to Battalion Fire Chief Wayne Alexander.

Alexander said the fire apparently started when heat in the stove became too great causing the freshly painted flue pipe to ignite. It took firemen only 10 minutes to extinguish the flames with high pressure foam.

Catherine Cagelosi, 141 Oliver street, is the owner of the building.

City Council Meets Day After Holiday

Next regular meeting of the Daly City Council will be held Tuesday night, February 23, starting at 8 o'clock at City Hall, 75 Wellington avenue.

Monday, February 22, is a nationwide holiday. George Washington's birthday, of course!

Woman Robbed At Knifepoint

Blanche Louge, 52, 1051 Hanover street, a maid, said a man poked a knife in her back at 6:30 a.m. Tuesday and ran off with her purse. Three checks totalling $86.83 and $1.08 cash were inside.

The woman said she was walking down Evergreen street and crossing Irvington street when a man approached her from behind. He grasped her mouth and pushed her into some bushes at the corner, she told Officer Robert Stables.

Explaining he had a knife, he gave a brief show of proof by poking her in the back with it. He told Mrs. Louge he wanted her purse. She gave it to him. "Stay here 15 minutes. I have your name and address," he threatened.

Mrs. Louge said she had seen the man standing on the corner for the past couple of weeks previous to the robbery. He was wearing a dark hat and work clothes. She gave his description as being 5-11, 190 pounds and between 40 and 50 years old.

Changes And More Hearings

CITY TO AMEND LAND-USE PLAN

City officials have ordered more study and changes in Daly City's Master Land-Use plan, concentrating on six parts of the "zoning guide" that were disputed in prior public hearings and meetings.

Fred Barber of Hahn, Wise and Barber suggested the council and planning commission meet Tuesday last week to discuss modification of the Land-Use document and examine the sections in it that have been questioned and protested by a handful of major property owners.

As a result of the council-planners session, the Land-Use map will be re-explored in six areas, recommended for adjustments by the survey firm, via:

1. Re-examination of the designation of R-3 (apartments) zoning fronting both sides of Junipero Serra. City officials prefer C-1 (commercial) instead of R-3 and more light industrial there.

2. Clarification of the possible redevelopment areas (north of Hillcrest drive) for future study. Federal assistance will be sought in this project.

3. More definition of "special use" areas as already designated on the original Land-Use map.

4. Re-examination of the boundaries of proposed industrial development in the Crocker Hills, east of town and in

Policeman Finds Woman Collapsed In Phone Booth

Officer Al Nicolini, on routine patrol, came across a woman lying in a phone booth on Junipero Serra boulevard and School street Monday at 3:15 a.m.

He said that Barbara Jean Caridis, 27, of 5 Northridge drive, had taken a number of pills in an apparent attempt on her life. "She was very incoherent," he noted. He took her to Junipero Serra Hospital by police car. She was examined and transferred to Community Hospital where a 72-hour hold was placed on her.

PETROCCHI ASKS BOARD TO ALLOW 'CONTACT LENS' VISION

Two police department requests highlighted last week's Daly City Personnel Board meeting.

Police Chief Roland Petrocchi by letter asked that proper action be taken to allow persons who wear contact lenses to be eligible for police assignments here. At present, police officer candidates must have uncorrected 20-20 vision in one eye or both, or 20-20 and 20-30 vision in that combination.

Chairman Mel Battye asked for more study on the request. Should the personnel board and council okay the provision, a public hearing would be necessary prior to adoption.

The other police matter was waiver on residency requests by police officers Tom Culley and Robert Stables, both of whom completed one year on the job February 1. The young patrolmen live in San Francisco and seek an extension of the residency provision due to personal hardships. Culley and Stables said they intend to move to Daly City as soon as possible.

The personnel board referred their requests to the new city manager for his recommendation. If turned down, the pair could make an appeal to the personnel board, Battye explained. The chairman noted that the board is primarily a

CITY CLERK Evelyn Mosman filed for re-election Tuesday and appears to be unopposed in the April 12 balloting. She was honored to have B. C. Ross (above), her predecessor on the job, endorse her candidacy. Ross, now retired and a resident of 1807 Junipero Serra boulevard, was city clerk almost 35 years.

$325,000 Education Center Plans Okayed

Jefferson Elementary School District trustees Monday night approved and talked about a total of $1,354,125 worth of building construction.

Board members approved final plans and specifications for the Education Center, an estimated $325,000 project. The building will be housed on the north-east corner of the Thomas Edison - Abraham Lincoln school site, just off Lincoln avenue in Westlake Unit 10. The 13,000-square-foot building will house library and professional materials for the district, audio visual aids, administrative offices, and all offices of educational personnel.

Also, the board will hold its meetings there, there will be teachers' conference rooms, and two small conference rooms for meetings with parents. Off-street parking will accommodate 100 cars. Angus McSweeney is the architect for the project.

Trustees approved forms to be sent to the State Allocations Board for the $900,000 Christopher Columbus School. Grading at the site, corner of Higate and St. Francis boulevard, has been finished and the school is expected to open in September of 1961. It includes 40,000 square feet, containing 18 classrooms, two kindergartens and a room for North County blind children, who will be moved from the present Woodrow Wilson School. The Columbus project also has an administration unit, library and multi-purpose room.

Superintendent Richard Foster noted that the state had set aside $121,280.41 for grading of the Washington K-6 site between Whittier and Lowell streets. The board approved the low bid of Leonetti Brothers, $67,950, for site work. A McSweeney representative noted that the 10 bids for this work was the most received in some time. He said this was due to the low volume of site work contracts this time of year.

Lewkowitz Pumps 1235 Gallons In Annual 'Polio Day'

Joe Lewkowitz had his biggest "day" for polio on February 14.

He sold 1235 gallons Sunday and gave the 5 cents profit of each gallon to the March of Dimes. This amounted to $61.75. Also, Joe's pump-for-polio effort brought additional donations of $20, $5 and $2.20 from customers at his station, corner of Bepler street and San Jose avenue, Daly City.

Construction bid for Jefferson School was awarded to low bidder, Martinelli Construction. Total bid was $56,075 and base bid, $33,320. The bids for Washington and Jefferson are subject to the approval of the State Department of Finance.

Arthur Haskins was awarded the $1925 low bid for moving of dirt at the Benjamin Franklin playfield. He was also given the $1800 bid for movement of fill to the Education Center.

Two other lesser financial matters were dealt with. Hockwald Chemical Company's low bid of $1375 for an automatic scrubbing machine was approved and Richard S. Harding was hired on an hourly rate for soils inspection and testing in connection with construction and site development of the General Pershing and Washington schools.

The board also:

Granted a deed of easement for a water line at Ben Franklin School to the city of Daly City.

Hired Miss Judith K. Graves, Mrs. Charlene C. Greene and Mrs. Elizabeth L. Jolliffe as teachers.

ROAD INCIDENT BRINGS ARREST OF PACIFICAN

Raymond Harriman, 53, of 411 Perry street, Pacifica, was arrested Sunday evening for drunk driving, changing lanes without caution, failure to stop at the scene of an accident, and use of a license in violation of restrictions. Bail was set at $787.50.

Officer Tom Culley of Daly City found two men arguing at Mission street and Wellington avenue. He questioned Cornelius B. Stondahl, 38, of 39 Lexington street, San Francisco, manager for One Hour Martinizing, and Harriman.

Both men claimed to have pulled to the side of the road when an ambulance came past. As did they so, Harriman's auto struck the fender of Stondahl's. Stondahl said he got out of the car and chased the teamster's auto for a block before catching up with him. At this time Culley came along.

A sobriety test was administered at Junipero Serra Hospital, and in addition, Culley said Harriman's license was for use as a chauffeur only.

In other agenda matters, the board:

has two children, both from this area.

Police officers here, the captain added, knew Mrs. Conti as a "friendly, Good Samaritan-type person."

"She was usually busy working for charity drives and always seemed to be good natured," Beecher declared.

The murder was Daly City's first since the August Norry case in February last year. Norry's killer, teenager Penny Bjorkland, is in state prison undergoing psychiatric rehabilitation.

Funeral services for Mrs. Conti were scheduled this Thursday morning in the chapel of W. C. Lasswell and Company here. Burial was set at Cypress Lawn cemetery.

Jury Finds DC Man Guilty In Narcotics Case

Steven (Mike) Distel, 20, 362 Peoria street, was found guilty of possession of narcotics by a superior court jury after a four-day trial, last Monday through Thursday. Sentence has not yet been set, according to Daly City inspector George Brooks.

Distel was arrested by Brooks, Captain Roy Beecher and two State narcotics agents at his home on October 2, 1959. The authorities found two marijuana cigarettes in the pockets of his shirt.

A 17-year-old Daly City youth had reported that he purchased nine morphine pills from Distel. "You could get anything in the way of narcotics that you want from Distel," another local resident, 20, earlier told Brooks.

Golden Gloves Show Tickets On Sale Here

There'll be plenty of general admission $1 tickets on sale at the door for the Golden Gloves elimination boxing bouts on Thursday evening, February 25, at Daly City's War Memorial building.

The card is sponsored by the Men's Club of Our Lady of Perpetual Help Church and the Police Athletic League. Proceeds will be split, each group using the money for their youth programs.

The boxers, all licensed by the state, hope to advance from here to Golden Gloves finals at the San Francisco Civic Auditorium.

Reserved seats at $2 are going fast, PAL President John Coleman said today. To purchase tickets, contact any Daly City policeman or OLPH member.

For many years, OLPH has presented outstanding amateur boxing shows in Daly City. The Golden Gloves trials always are the most popular. Several of the boys who have traded leather here advanced to national and Olympic Games stature.

the Market street area in particular.

5. Definition and re-evaluation of proposed "park" areas west of Skyline, and redesignating these as "parks" or "public lands."

6. Preparation of a separate map to show major streets and highways, and projected vehicle routes.

Acting City Engineer Bill Chapman today said he was instructed to re-draw the existing Land-Use map and make the above mentioned changes and up-to-date adjustments. These will be considered by the planners in another public hearing, then forwarded to the council for final ratification.

Chapman again emphasized that the Land-Use plan is "a zoning guide to future only" and does not change existing zoning. All zoning issues, he pointed out, still must go through normal channels for passage.

In agenda action, the planners:

1. Approved final map of Doelger's Westlake Unit 10-D, east of Skyline, pending release of property by Jefferson Elementary School District. Site originally was planned for a school, but Doelger granted another school site west of Skyline instead.

2. Okayed Doelger rezoning petition for C-1 to R-3 change on property south of Southgate avenue and along the Ocean Shore right of way in Westlake, and use permit for Electrical Products sign in parking area at 2384 Junipero Serra boulevard.

3. Denied by 3-0 vote (Richard Dwyer and Art Colvin were absent) petition filed by Harry Curusis, 6767 Mission street, to rezone 292 Hillside boulevard from R-2 to R-3. According to public works department, board felt approval would have constituted "spot" zoning.

4. Denied use permit application of Martin Einbinder, 368 Bush street, San Francisco, for installation of an automotive service and sales shop at 2245 Junipero Serra boulevard. Planners read letter from State Division of Highways stating that this land would be required if freeway route East Y-T (favored by the city) were to be adopted.

5. Held over for more study —petition filed by Eileen M. Budaeff, 2 Mission Circle, for the rezoning of 2 Mission Circle from R-3 to C-1; application for variance to reduce the lot size from 2500 square feet to a minimum of 1850 square feet on the northeast corner of Willits street and Vista Grande avenue, filed by Ricco Lagomarsino, 7100 Mission street; and application for variance to allow an excess of 80 percent coverage of lot at 292 Hillside boulevard, filed by Harry C. Curusis.

6. Closed public hearing and approved petition for amendment filed by Charles and Mary Pellizzer and John and Irene Devincenzi, 315 Seville Way, San Mateo, to rezone Lots 3 through 11, Block 36, and Lots 1, 2 and 3 in Block 37, Crocker Estate Tract Subdivision (located along Scenic Way) from R-1 to R-3 for apartments.

7. Reviewed letter from State Division of Highways noting receipt of Daly City Planning Commission resolution favoring East Y-T freeway route or State Freeway Route 2 should East Y-T be eliminated from state consideration.

8. Set March 8 public hearing on use permits for two new laundromats and an auto repair shop.

Cop Assists Man With Ailing Back

Fuller Martin, 55, of 126 Los Olivos avenue, requested police aid when he couldn't get out of bed Friday morning.

Martin told Officer Art Linhares that he had fallen at Al's Richfield Station, 5th and Harrison streets, San Francisco, on Thursday and injured his back. It didn't bother him until the following morning when he found he couldn't move. He was transported to Junipero Serra Hospital by M&D Ambulance.

Council Finalizes Storm Drain Pact Off Fairway Drive

The city council last week authorized payment of $700 to Doelger Corporation as the city's share of the joint project to repair the faulty storm drain on the Lake Merced golf course below Westlake residences on Fairway drive.

The city, golf club, Doelger and five homeowners whose backyards were affected by the clogged drain paid $700 each in a compromise agreement.

The corrective work was done by Doelger crews.

Theft In Garage

David J. Borrelli, 206 School street, reported the theft of a locker box between Sunday at 6 p.m. and Monday at 8 a.m.

Borelli told Officer Richard Sims that the locker box, taken from the garage at his home, contained clothing and sporting equipment worth $50.

Stolen McKeon Truck Found, Goods Missing

Police found the truck which was used to haul away appliances stored at the McKeon Construction Company warehouse but have no leads as to what happened to the appliances.

The truck, worth $5000, was used by thieves to cart the materials away on January 30 between 10:30 and 11 p.m. It was found at the corner of Naples and Russia streets in San Francisco.

Warehouse losses included: 14 ovens, 6 dishwashers, 10 stove ranges, five stove hoods, 52 lock sets, 2 portable sander, and two green tarpaulins (probably used to cover the loot). Police Sergeant Charles Terry said the goods were valued at $6000.

Sanitation Board Maps St. Francis Storm Drain Work

A plan for storm drainage protective measures at the St. Francis Heights pumping station was submitted to North San Mateo County Sanitation District directors Francis Pacelli and Bob St. Clair at Monday's meeting.

The district's engineer explained that the dry and wet wells have been flooded several times and that his proposals would eliminate this condition.

The board in a second main agenda item passed a resolution citing the benefits and endorsing annexation to the district of Westlake Unit 11 (west of Skyline) for sanitation service.

Eight agenda items were held over for additional data. A letter was received by the board from the city engineer of Salisbury, Southern Rhodesia, in central Africa. He inquired about the district's centrifuge operation, noting he had read an article about it in the December issue of the "Water and Sewage Works" magazine.

Sanitation director Tom Callan, the county supervisor, was absent Monday. He is in San Diego for the state supervisors convention.

OBITUARIES

MARY R. CONTI

Funeral services were conducted Thursday morning at Lasswell's for Mary Rose Conti, 72, 28 Knowles avenue, Daly City. She was shot to death by her husband, Daniel, early Monday morning at their home.

A native of Italy, Mrs. Conti had lived in Daly City 41 years. She was a member of Hillcrest Circle 143, U.A.O.D.; and the Auxiliary of Old Glory Post 2044, V.F.W.

She was the mother of Thomas, Harry, Nick and Elmer Lettiere, and Ray Camillo. Other survivors are 16 grandchildren and four great-grandchildren. Daniel Conti was her third husband and they had no children.

The Druids and VFW unit performed rites Wednesday evening at Lasswell's chapel. Burial was at Cypress Lawn cemetery.

Niantic Ave. Woman's Home Ransacked

Mary Natoli, 40, of 630 Niantic avenue, said her house was ransacked Friday between 7:15 a.m. and 4:45 p.m. while she was at work. She is a carpet sewer.

She said she locked the front door when leaving at 7:15 a.m. and when she returned home found the door ajar. Officer Ralph Warren said a 4-by-4-inch hole was made in the window to gain entrance.

August Conci, 2231 Junipero Serra boulevard, said he saw a man, 27 to 30 years old, slender in build, wearing a white car coat and brown pants near the doorway during the afternoon. He also jotted down the number of the 1951 hardtop the man used.

Warren said the registration was in the name of James Bennett, who had a previous conviction for narcotics. He is reportedly in custody of San Francisco police for another crime.

A portable television set was the only reported loss of Mrs. Natoli.

TV Set Damaged In Home Incident

COLLEGE CREDIT

18 From DC Taking Municipal In-Service Training Course

Seventeen city of Daly City employees and the wife of one are enrolled in the 12-weeks "Public Relations" in-service training course offered by the College of San Mateo on Tuesday evenings at Capuchino High School.

So reported Phillip Brown, city administrative assistant, following the first class session on February 2.

The CSM-directed courses are co-sponsored by the cities of South San Francisco, Pacifica, San Bruno, Millbrae, Bulingame, and Daly City. Subjects to be offered in the continuing series will include Personnel Administration, Municipal Government, Business Administration, and Organization and Management.

Each course brings the employees college units that can be applied toward an Associate of Arts degree issued by the College of San Mateo.

In order to make these courses available to as many employees as possible, the Daly City council last month agreed to pay for the tuition and books of each city employee who completes the course. In addition, the course will be opened to the spouse of the employee taking the course with the employee bearing the cost of his spouse's participation.

Turnout for the first class session on February 2 was so heavy that an additional section of the course had to be established on Thursday evening at the same school. Initial enrollment at the first class was in excess of 60 employees signed up for the course.

The following Daly City employees are taking the Public Relations course:

Wilma Riley, Barbara Broome, Marigo Benedetti, Florence O'Neill, Harold Turner, Mrs. Jean Bloem (spouse), John Peterson, Joseph Intaschi, Allen Hertel, Joseph Arch, Joe Bloem, Natalino Gaggero, Lloyd Tindle, Floyd Gonella, August Conci, Jack Haley, Thomas Jones, and Brown himself.

To three DC employees, this type of training is not new. Joe Intaschi, garage foreman; Joe Bloem, maintenance foreman, and August Conci, park supervisor, participated in the pilot course entitled "Employees Supervision." Bloem's wife also was enrolled in this class.

Brown noted that about halfway through this course there will be a valuation of the succeeding courses. At that time, the city employees in conjunction with other cities, will be given an opportunity to select the next course to be taught.

Brown added that the program gives each employee "an opportunity to improve himself and improve his role in the municipal family."

HEALTH OFFICER EXPLAINS

Vaccine Doesn't Protect You Against All Types Of The 'Flu'

The San Mateo County Health Department today explained the meaning of the "flu."

The word is a colloquial expression for influenza, a disease entity with a known cause. Unfortunately, during the past few years the term "flu" has been used to denote any and all of the multitude of ailments associated with the upper respiratory and intestinal tract regardless of what the disease process might be. No one ever has a "common cold" nowadays, although colds are just as prevalent as they were 25 years ago. No one has a sore throat, cough, or bronchitis. It's all "flu" today. If a person has an abdominal cramp or distress, it is "flu."

As long as everyone understands the full meaning of the term "flu"—that it is a hodgepodge of unexplained discomforts due to a multitude of different causes—no harm is done. However, when one begins to tabulate "flu" statistically and speak of influenza immunization in the same breath, a great deal of harm can be done.

Influenza vaccine is a vaccine prepared with what everyone hopes will be the specific influenza viruses that may be prevalent during the next year or so. It has some effectiveness in producing temporary immunity to those specific viruses contained in the vaccine. It has no effectiveness whatever in "flu"—the hodgepodge. As long as an individual understands the limitations of the vaccine—that it will only protect against bonafide clinical influenza which may be statistically only a fraction of the illnesses called "flu"—then no harm is done. But if the individual thinks the vaccine will protect against all "flu," he is in for some disappointment.

Physicians seeing cases that may be influenza should send two blood specimens to the State Laboratory in Berkeley. The two specimens should be about ten days apart.

Physicians seeing individuals with a definite sore throat should send throat cultures to either our laboratory or to their private clinical laboratory. That streptococcus sore throat is prevalent is indicated by the number of positive throat cultures we are finding. Such infections may be "flu" to the patient, but they may be streptococcus infections and should be treated as such. In January the county public health laboratory received 366 throat cultures from local physicians. Thirty-six percent of these were positive for streptococci.

AROUND TOWN

By ROY HURLBERT

East-side progress in Daly City is shaping quickly in the form of two new school projects.

A fresh $196,000 General Pershing School is going up and should be finished this summer. Then down tumbles the old plant, a landmark, true, but a community eyesore and totally inadequate for youngsters by modern standards.

Coincidental with George Washington's birthday will be opening week sitework to make room for the $618,000 facility bearing the Delaware-crosser's name. Washington K-6 is geared for 12 classrooms and a kindergarten.

These two new plants will be but a few blocks apart, and the folks of this neighborhood at long last will be rewarded for their patience.

Come next Washington's birthday, in 1961, this area of town will have the caliber of physical facilities already achieved in Westlake and the newer subdivisions.

Political followers here believe a small field for the Daly City council election—say four or five candidates—would give the incumbents more worry than a flock of eight to ten jobseekers.

Everything, of course, depends on how the public weighs the quality of the candidates and the issues that are raised.

In 1958 when three council seats were at stake there were eleven candidates. If a couple or even four of these way-back-in-the-pack hopefuls had stayed out of the race and thrown their support elsewhere, then the outcome might have been different. Who knows?

The fact that the field figures to be small could leave two interpretations—1) the feeling is that the incumbents are too hard to beat, or 2) individuals against the incumbents are concentrating on one or two candidates.

J. P. Sinclair, chief State Highway Division decision maker in San Francisco, has verbally told Daly City officials that his office should have a public announcement on or about March 24 regarding the freeway route his department would recommend to the State Highway Commission.

Another public hearing here on the north county freeway routes is unlikely. But the Highway Commission—by law—must hold a public hearing when it weighs the final proposals in Sacramento.

Sanford Vickers, a serious-minded gent who regards the government code like a Bible, this week declared that he is not a candidate for Daly City council.

Sam was unseated from the council in 1958 after serving four years. He was sixth in the balloting, getting 1661 votes to 2878 for the top man on the ladder.

Vickers said he was staying out of the campaign this time because of his railroad legislative representative obligations. He's a locomotive engineer and a spokesman for his union brotherhood.

Through with local politics for keeps? No, we don't think so. Sam still might be interested in another try for council in two years when three berths will be decided.

We like the statements of Dr. A. B. Lowenstein of San Francisco State College on the desired qualifications for a school trustee. Voters would do well to consider these words of wisdom in electing all public officials:

"They must have the same qualifications as for any other board—honesty, devotion to service, willing to give time and energy. They must not have personal motives, and they must have general qualities of intelligence."

Particularly for school board members, Lowenstein continued: "They must have varying points of view, in order to avoid much conflict later. They must have some understanding of education and its place in modern life. It is sometimes hard to draw lines, so they must be willing to let the administrative staff carry out policies. And they must, above all, have the courage to stand up against vocal objections, and must try to find out what the whole community wants, not just a loud minority."

The testimonial dinner for Joe Verducci packed Scottish Rite Auditorium last Thursday night. The Daly City councilman got two standing ovations from the throng of 600.

He was particularly proud of a huge batch of congratulatory telegrams. One was signed by Vice President Richard Nixon, and another by Dr. Robert Gordon Sproul, former president emeritus of the University of California.

Mayor George Christopher of San Francisco cited Verducci as a "true leader in everything he has done and an asset to our community."

Friendly rebellion by the rock and rollers at Jeff High?

On good authority we relay the report of a petition drive at Jeff for "better conditions."

The bobby-sox petitioners are inking their names below the following proposals:

1. One day a month students should be allowed to get off school one half hour earlier—at 2:30.

2. The lunch period, as in SF, should be lengthened to a full hour.

3. Three tardies should not constitute a cut.

Our answer to such insurgency, follows:

Be strong, ye students—
You are not here to dream, to drift.
We have hard work to do and loads to lift.
Shun not the struggle, face it,
'Tis God's gift.
Be strong!

DC Sea Scouts Score A 'First,' Host Annual 'Bridge Of Honor'

For the first time Daly City's Sea Scouts and the city of Daly City played host to the San Francisco Council, Boy Scouts of America, in their season's biggest social event.

Through the generosity of the Daly City Department of Parks and Recreation, the Annual Bridge of Honor, followed by a full dress ball, was held in the War Memorial building. The local Sea Scouts, Ship 248 (sponsored by the Westlake Subdivisions Improvement Association and comprised of boys from Daly City, Colma and Broadmoor, and the Sunset District of San Francisco), hosted the affair with the assistance of Skipper Charles W. Eberling of Ship 129. Co-hosting with Eberling was the skipper, prominent Westlaker and Bank of America executive, Jay F. Irick.

During the Bridge of Honor, trophies and awards earned during 1959 were presented to the various ships, prominent among which was the Sea Scout Ship Oakland, an honored guest and recipient of two awards. Also recognized were advancement achievements of individual sea scouts, and Daly City ranked prominently with most of the ship's personnel being called out of ranks to acknowledge the congratulations and applause of their assembled shipmates and adult leaders.

The evening's guest of honor was Rear Admiral George L. Russell, USN, Commandant of the Twelfth Naval District. Admiral Russell presented several of the awards and, in a short but pertinent address, cited the aspects of current United States sea power, congratulating the scouts on their foresight and preparedness for grooming themselves to potentially become members of the naval armed forces.

As is always the case at this biggest formal event for the year, numbers of adults prominent in the Sea Scouting movement were present. Among them were Oscar Alverson, Scout Executive, and outstanding in his dress blue uniform as Commander, United States Naval Reserve, was Clyde V. L. Pearson, Sea Scout Director.

Through the efforts of "Pop" Kennedy, popular in San Francisco's public life for years, and his assistants, music for the occasion was furnished by "Pop's" Local 6, American Federation of Musicians, AFL-CIO, through a grant from the Recording Industries Trust Funds. These funds are a direct extension of public services, originated by the Record- and and Transcription Fund of the American Federation of Musicians.

Jimmy Blass and his nine-piece combo furnished a superbly professional evening of dance music.

While it is expected that next year the annual social and recognition event will again be held by San Francisco, the Daly City Sea Scouts nonetheless look forward to a future hosting of an affair that was acclaimed by anll hands present as a successful, entertaining and extremely enjoyable evening.

The WSIA - sponsored Sea Scouts, officially a part of the Boy Scout Explorer program, have entered this 50th Anniversary Year of Scouting with a varied and interesting program of planned activities. There are still some few vacancies remaining in this purposely restricted (as to size) ship. Boys interested in small boat sailing may apply to join by contacting Darryl Deinhard at PL 6-4318 or Frank De Martini at PL 6-1946. The ship is officered by Albert S. Wilson, Chairman of the Committee, Frank De Martini Sr., Institutional Representative, Jay Irick as Skipper, assisted by Robert Gunthorp, Mate.

SOME of the dolls may be larger than their owners when Daly City War Memorial Community Center hosts the city-wide doll show February 28 between 2-5 p.m. Awaiting to sign in are (left to right) Barby Senker, Kathy Baldwin, Patti Spinetti and Lee Baldwin, while Dolores Spinetti fills out an entry blank.

Cub Pack 245 celebrated the Boy Scouts' Golden Jubilee year last Saturday evening with their annual Blue - Gold dinner. Other guests were Dave McKee, institutional representative, and his wife; Bill Shelver, Pack committee chairman, and his wife; and Jack Hurt, District Director, Lake Merced.

The Pack meeting got under way with the flag ceremony presented by Boy Scout Troop 245. Hurt spoke to the group and commended the leaders and the parents behind them "for such grand participation." John Streeter gave thanks to all committee members, den mothers and parents for standing behind him so well and making Pack 245 a real family group.

The skit, "What Cub Scouting Means to Us," written by Den Mother Joan Starrett, was put on by all six dens, each boy popping out of a huge birthday cake made in honor of the 50th anniversary of Scouting.

Another bobcat, Lee St. Martin (Den 5) was inducted with an impressive candle ceremony. Using the same ceremony board, Cubmaster John Streeter graduated his first cub scout, since being Cubmaster, into scouting. Gerald Bear, with his parents beside him, received his graduation certificate and was welcomed into Troop 245 by Scoutmaster Tom Starrett.

Rummage Items Needed By OLM Women

Now that Spring is approaching and the weather is unpredictable, all women will have a good chance to get a head start on the spring housecleaning, thus finding many items which can be used by the Westlake Catholic Women for their annual rummage sale.

Chairman Mrs. John Cresalia urges everyone to dig deep for those odds and ends that aren't quite ready for the junk pile, or for nic-nac's which really aren't of any use and just a dust collector. Many articles are needed to fill the many demands of the patronage at Larkin Hall on March 14.

This project is held every year to benefit Our Lady of Mercy school building fund in Westlake. Prior to the main sale to be held on the 14th will be a pre-sale on Saturday, March 12, in the parish hall, located on Elmwood drive in Daly City.

Among the many articles still needed by the women are comic books as well as pocket size books for the book and record department. Also a feature in this department is sheet music. When it comes time to replace those worn-out kitchen curtains or faded draperies—don't throw them out—just call Mrs. Cresalia, PL 5-8153, and she will be over to take them off your hands.

Women's wearing apparel is greatly needed, especially sweaters. In the men's department there is always a demand for those suits that just don't fit dad anymore, or the shirts that are getting slightly frayed. All clothing, whether for young or old, is still needed. In the bric-a-brac department, silver items are in demand as well as vases and bowls. All types of furniture will be greatly appreciated by the women on the committee. The notion department needs cosmetics as well as that cologne you got for Christmas and don't use. Sporting equipment as well as luggage is needed. Also an item which the women use to make decorative gifts as well as table settings is used candles. The candles, which can be of any size or shape can be made over and melted down and turned into an attractive gift item.

Jewelry, purses, hats, scarves, shoes, lingerie, pots and pans, utensils, clothes hangers, paper bags, wrapping paper, toys (whether used or broken), linens, pictures, plants, and tools are just a few more of the many things that are needed. For pick-up, just call Mrs. Cresalia, or the depot for all rummage, at the parish hall on Elmwood drive, open on Sundays through Wednesdays for rummage.

FASHION SHOW

Holy Angels 'Bells Are Ringing' Brings Out Overflow Audience

The Holy Angels Women's Guild was grateful for the overflow attendance at their annual fashion luncheon on February 6 at Riordan High School. "Bells Are Ringing" was the theme of this year's affair. Ruth Redell, fashion coordinator of Livingston Bros. who furnished the fashions and accessories, served as commentator.

The bride of 1960, modeling a white chapel sweep length gown of silk organiza, hand clipped chantilly lace bodice and flounce on skirt, was followed by two bridesmaids in Waltz-length dresses of petite floral pattern on electric pink tufted nylon chiffon having a deep-toned crushed chiffon cumberbund with a floating panel. The bride's trousseau for a European honeymoon featured suits and jacketed dresses for travel which could be easily packed and required a minimum amount of care. Glamorous chiffons were shown for the romantic interlude of an evening in Paris, while the colorful silk print costumes fit into the background of the streets of Rome. During the promenade of models, Mrs. Mitchell Luzzi of Daly City rendered appropriate background music on the Estey organ donated for the occasion by Westlake Music Center.

The show closed with the bride of yesteryear wearing a 55-year-old wedding gown which was donated for the affair by Mrs. Celestine Miencke, grandmother of Mrs. Stanley Kettell, chairman of the event. Mrs. Miencke was a June bride of 1905, having been married in Sts. Peter and Pauls Church of San Francisco. The gown designed for her and completely hand made was of ecru lace net with diamond shaped inserts of pure silk cutwork. The skirt was fully lined in a pastel blue while the bodice and hem were trimmed in velvet. A picture hat of matching lace trimmed with an array of pink and green plumes was worn to complete the ensemble. To carry out the old-fashioned bridal scheme on the runway, was a 35-year-old bridesmaid's dress of a pale green lace net with a deep flounce of ruffles on the skirt and bell-shaped sleeves.

The models made their entrance onto the runway through a chapel door flanked by simulated stained glass windows while the tables were adorned with miniature bride and groom in keeping with the theme of the day. Mrs. Thomas Gaffney did an outstanding job as chairman of decorations.

Seated at the speakers' table were the Rev. Father Thomas J. Farrell, pastor of Holy Angels Church; Mrs. Frederick Revetria, president of Holy Angels Women's Guild; Mrs. Robert Dennis, the vice president; Mrs. John Ward, president of St. Veronica's Women's Guild; Mrs. Hugh Alderdice and Mesdames Stanley Kettell and Tuilo Picchi, co-chairmen of the event.

A luncheon, featuring turkey ala queen, was expertly prepared by co-chairmen Mrs. Ronald York and Mrs. Juan Garcia. It was courteously served by the Legion of Mary girls from Holy Angels School, assisted by Fred Revetria, William McCarty, Grant Dennin, Kenneth Van Aken and Ario Gregori, members of the Men's Club. Gregori took colored movies of each model at her best which will be shown at a later date. This most successful affair provided a delightful afternoon for all in attendance including guests from the Peninsula and other points in the Bay Area.

IT'S FEBRUARY - 1963

. . . and this couple is moving into a new home, just three years after they began saving for the down-payment at Bank of America.

Saving at B of A brought them *more* than money, too! It brought the convenience of 59 banking services, covering every need from trust funds to financing, checking accounts to money orders. And it brought the satisfaction of knowing their funds were absolutely safe, instantly available.

You, too, could have been enjoying these advantages for the last three years — if you'd opened a B of A savings account back in *February, 1960.*

Still, it's never too late . . .

1000 Students See 'Song Of Troubadour'

"Song of the Troubadour," musical play sponsored by the co-ordinating committee of the Jefferson High School and Elementary School district, had three very successful performances at Colma and Benjamin Franklin schools, February 12-13.

Almost 1000 youngsters of the Daly City-Colma area attended and enjoyed the "live" play.

The production here had a dual purpose. It enabled children to see a worthwhile play and at the same time earned money for the welfare fund of the district.

This year's chairman was Mrs. Beatrice Greenameyer, a board member of the Jefferson High School PTA.

PUPILS VISIT POST OFFICE

The rainy weather on Monday, February 8, was not a deterrent to the Vista Mar School children in Mrs. Oberlander's and Miss Dwyer's second grade. They boarded the school bus on schedule for their trip to the Westlake Post Office. This trip was a culmination to a social studies unit on "The Postman—One of Our Community Helpers."

The children had written letters to their parents requesting them to write back and send the letter to school. They watched the letters go through the post office and are anxiously awaiting their replies at school.

Miss Monroe's second grade class visited the post office last Monday.

Local Chairmen Seek Volunteers For Annual Cancer Fund Drive

A countywide organizational effort is under way to prepare the 5000 volunteer workers of the San Mateo county Cancer Society for what is hoped to be a banner year in the society's annual fund and educational drive, today reported CS President Mrs. Edward H. Jenanyan.

Meetings are being scheduled with leaders in Daly City.

Spurring the effort in Daly City, reports Mrs. Jenanyan, will be Mrs. Edward Ward of 23 Huntington avenue, Westlake, and her co-chairman, Mrs. Jerome Jacobs of 152 Westmoor avenue, Westlake.

They are currently recruiting volunteers and urge all interested to get in touch with them as soon as possible. "We need everyone's help this year, not only to raise funds, but to get our educational message over to each man, woman, and child-because it means saving lives," they stress.

Joining them in the forthcoming Daly City door-to-door drive will be Mrs. Frank Cvitanich of 90 Baldwin avenue; Mrs. Bob Wahler, 56 Crestview avenue; Mrs. Aldo Della Santa of 48 Lake Meadow drive; Mrs. Franklin Carchidi of 672 Southgate avenue; Mrs. Harvey Goheen of 32 Crestview avenue. More are needed.

Mrs. Jenanyan reports the state campaign chairman for this year's drive is Marshall P. Madison, prominent San Francisco attorney, senior partner in the law form of Pillsbury, Madison and Sutro.

"The effort of the residents in this county has helped the national effort which over the years has saved 1,000,000 lives," emphasizes Mrs. Jenanyan.

"We are not immune in San Mateo county," she reminds. "Thanks to the tremendous cooperation of the public and our volunteers, we have contributed our share to saving lives here through research and education. I hope our record will be even more outstanding in 1960," says the CS president.

JACK Kendree, far right, purchased donuts at Hunt's Quality Donut Shop at 235 Southgate avenue on February 2. The day was set aside as all proceeds were turned over to Little Children's Aid Junior Auxiliary, a group for underprivileged children. Father Flynn of Our Lady of Mercy Church helped owner Fran Hunt bag the donuts.

B'S TITLE HOPES FLICKER

Hot Shooting Indians Scare Mustangs Before Being Squeezed, 51-50

Jeff Coach Mike Orlich scratched his head after the Capuchino game last Friday and wondered what a team has to do to win a game.

The Indians were hotter than a Daly City freeway meeting. They hit 58 per cent of their shots while falling, 51-50, before the Mustangs. Cap, led by Neil Calhoon's 17 points, recorded a 36 percentage.

"It was the best game we ever played and the only thing that killed us was inexperience. The officiating was the worst I've seen this year—the game started out with fine passing and shooting and then turned into a free-for-all," Orlich said.

Westmoor Coach Tony Giammona, scouting Cap for a game that was played Wednesday of this week, said, "The officiating was very poor. Along with the bad calls and the Mustangs' superior rebounding the Indians didn't have a chance."

The officials for the game were Carl Hipp and Roy Diederichsen. Orlich commented, "I can't understand it. We've had them as officials before and didn't have any complaints."

The Jeffersonians almost turned in the upset of the year. They were ahead by 14 points nearing the end of the third quarter. Jack Horn was roughhoused and flipped the ball at an opponent late in the game. Calhoon, as captain, swished the free throw and the Mustangs got the ball out of bounds. They came down court and scored again.

"The technical changed the tempo of the game," Orlich noted. The Indians were three points behind when Gary Molossi was left unmolested and into the hole for an easy two pointer with 5 seconds left. Cap couldn't risk fouling him. Jeff shot 19 of 35; 12 of 18 in the first half, and 7 of 17 in the second.

Title hopes for the B's flickered as badly as an old time movie. Cap moved its mark to 11-0, while Jeff fell to 9-2 because of the 39-35 Mustang victory. Bobby With sparked Rick Warne's cagers with 19 markers. Dave Kotta had 12 points for the winners.

Indian Alan Lee Has One Of Local Top Percentages

Alan Lee, by connecting for 32 points in two games last week, moved into the Daly City scoring picture. Because of missing the first six games due to a shoulder separation Lee can't catch the leaders in scoring, but he was averaged 10.2 points for the five games he has played in.

Sonny Stoller opened up a 6-point margin over Bobby With for lightweight scoring. He has scored 116 points for an even 10.5 average. Players with 33 or more points are listed below.

Dougherty Given Trophy For Play

Ram captain Bill Dougherty received a 14 inch trophy from Edan's Sporting Goods, 1172 Broadway street, Burlingame, for his being selected North County Athlete of the week.

The award was given last week as Bill popped for 11 and 9 points against Hillsdale and San Mateo. Dougherty was also honored on Warren Wyncoop's radio show, KSJO, between 4 and 5 p.m. Saturday.

He is the sixth athlete to receive the award. Others were Johnny Baugh (Capuchino B star), Dave Balsley (San Mateo), Gary Molossi (Jefferson), Hank Moritz (Hillsdale) and Howard Sundberg (Mills).

Dougherty edged out John Turner (Serra), who was a very close second, Neil Calhoon (Cap), Mike Zocchi (San Mateo) and Dennis Franee (Hillsdale).

Public Hearing Set On School Sewer Easement

Superintendent Richard Foster announced at Monday night's Jefferson Elementary School board meeting that a public hearing will be held on March 3 at 8 p.m. for a storm sewer easement at Garden Village playfield.

It will be a part of the regular meeting which was moved from March 7 to the earlier date. The county of San Mateo asked for the easement, under these conditions:

1. Work shall be completed between the period of June and September 15, 1960, so that it will not interfere with classes.
2. The county would put the playfield in its original condition after completion of work.
3. Any repair work to the line shall meet with adequate repair work of school grounds.

Foster said the board couldn't take action until the public hearing is held.

Vikings Sail Past Indians; Lee Gets 23

"Tonight we're going to have a lot of fun. They'll be watching me and I can feed inside," Gary Molossi, the league's leading scorer, told Coach Mike Orlich last Wednesday.

Molossi, being double timed, aided Alan Lee in getting 23 big points but the individual effort wasn't good enough. Mills captured the 51-44 decision.

Orlich said he laid down orders for Jeff to get the opening tip-off because Mills would stall if they had the ball. J. B. Berry let the tip from Hiram Sibley get away from him and the Vikings had the offensive. The Vikings began to stall, moving Jeff into a man-to-man defense.

Two quick buckets and the score added up to 18-4 by the end of the first quarter before Jeff knew what hit them. The Indians pulled up at 28-21 at the half but never could catch the Vikings.

The Indians had 6 of 31 successful field goals in the first half and an even poorer final addition of 13 of 63. Molossi, having a cool, cool night made but one of 15 shots.

BARRY KROHN, Westmoor forward, was a Peninsula League Tourney selectee at the start of the season. Thus far, the 6-0, 190-pounder has shown an ability to rebound well as well as score points. An aggressive performer, Krohn gets rebounds by outpositioning his opponents.

Westmoor Beats San Mateo Five In Overtime; Hang On To Skim Past Strong Hillsdale, 36-33

If San Mateo High School writes out an all-opponent team at the end of the season, the Bearcats may put Terry Christman's name down five times each.

Christman, for the second time devoured San Mateo, 51-49 in overtime, by taking Barry Krohn's looping half court pass and scoring a lay-up. The shot which buried the Mateans and came two seconds before the final buzzer also moved the Rams into a first-place tie with them and Capuchino.

Rebounding by Krohn and Andy Saranchock kept the defensive boards free while Bill Dougherty's ball-handling and passing helped out on offense. Pete Daniels hasn't made many appearances for the Rams but his most valuable one of the season may have come last Tuesday.

He entered the game for Clark Beerman after "Candy Bar" had fouled out with three minutes left in the tilt. Daniels hit two free throws in overtime. San Mateo tied it with a field goal and then Bearcat killer Christman zeroed in.

Westmoor led all the way at the San Mateo gym. In fact, with but seven minutes remaining they had a 10 - point advantage. Coach Tony Giammona has been fretting about free tosses all year long. He had to worry about them this time even though the Rams connected on 19 of 27. They missed 6 of the last 8 during the final period.

Christman and Dougherty were named players of the week by two Peninsula papers recently. Christman for his 7 of 10 shooting in the second half of the first San Mateo victory and Dougherty for his all-around play against Burlingame on February 3.

Jim Kennedy hit double figures for the third straight time but it wasn't enough for Byron Van Alstyne's B's to overtake the little 'cats. Westmoor missed defensive star Dan O'Conner and the bucket enough times to lose, 43-38.

The Rams played their usual squeaker last week, waiting 'til the final 9 seconds before Barry Krohn's two free tosses moved them to a three - point lead and finale, 36 - 33 over Hillsdale. The Hilltoppers had a five-point lead with 2:30 left but a long set shot and drive-in by Jim Price narrowed the gap to a single point.

With 49 seconds left Westmoor went into their deep freeze. Krohn was fouled intentionally with the scant 9 seconds remaining. His two shots ended the scoring and Knights' bid.

Krohn and Clark (Candy Bar)) Beerman had four fouls apiece during the late going and their fifth infraction could have put Westmoor in a precarious position. The fifth one never came for either player. "Candy Bar" unwrapped his rebounding prowess for 21 scrapings off the backboard.

The 130's were but four points behind, 38-34, with three minutes remaining but couldn't catch the favored Knights. Numerous fouls had the score ending 51-39. Harry Brown, 14, and Jim Kennedy, 13, paced the scoring.

DC's Bob Nielson, Tom McHugh Nominated For East-West Tilt

Jeff High's Bob Nielson and Westmoor's Tom McHugh were recently nominated by West Bay team will be chosen writers for the East-West prep football classic to be played in August at Kezar Stadium.

Guard Roger Jordan and end Don Bullard, of South City, were also North San Mateo County nominees. The 28 man West May team will be chosen from among the 84 boys nominated sometime in March.

Nielson, a guard and linebacker, was switched to fullback when Coach Joe McGrath moved Roger Stahl to quarterback. Nielson was praised highly by most coaches in the Peninsula League, more for his outstanding linebacking job than as a ball carrier.

... Bob Nielson

McHugh's name came as a mild surprise. Though rated as outstanding before the season began he saw little action due to injuries. In two different games he was injured the first time he carried the pigskin. These were his only appearances during 1959 though he had a tremendous 1958 year behind him.

Alumni Cagers At Jeff Favored For WednesdayBattle

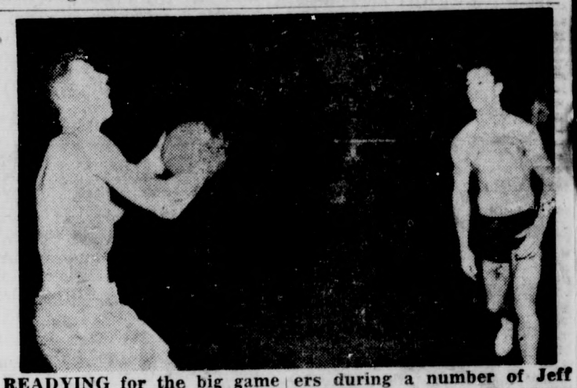
Jeff High's varsity cagers place a past fine record on the line against a tougher than usual alumni club next Wednesday.

Following the 7:30 p.m. lightweight game, in which 130's graduates have never been able to win a game, the varsity cagers will take the floor. The alumni has won but twice in the past eight years but almost have an all-star team this year.

Some of the stars include: Dennis Marc and Gary Ryan, first stringers at San Jose State; Roy Reitz, who set a Peninsula League record by scoring 38 points last year; Larry Blanchard, former San Mateo College star Larry Pottinger, Rich Watso, Tom Costello, Jerry Witt, Wally Honeywell, Al Fregoli, John Madden, and others.

Graduates wishing to play in the annual affair should contact Mike Orlich at the Men's Gymnasium, PL 5-2511. Admission is $1 for adults and free for students holding student body cards.

Former lightweights who will be hard pressed to beat this year's top notch club are: Ino Patron, Ron and Dick Kalinin, George Miller, Lee Poston and Ron Anguillo.



READYING for the big game against Westmoor this Friday are Gary Bonini, driving in for lay-up during practice, and Pat Bell. Both have been starters during a number of Jeff High games. The varsity game will follow the 7:30 p.m. lightweight contest at Westmoor's gym. THE RECORD photo

Reverend Herbert Tweedie is respected as a basketball player by his opponents but even the Reverend will admit he has to go some to beat his brother's marks.

Reverend Tweedie, 6-5 center for Broadmoor Presbyterian unlimiteds, also coaches the team. He attended Occidental College and played the hoop sport from 1933-37. His basketball and theological learning continued at Princeton where he played for the 1941 theological seminary team.

The match was deadlocked at the end of regulation time. Stenstrom and Jacobsen, Ram co-captains, took second places and received invites to the Mt. Diablo matches.

San Mateo took PL honors with 118 points, capturing 7 of the first 12 places. Other scores: South City, 69; Capuchino, 66; Westmoor, 48; Mills, 25; and Burlingame, 11. Winners at the Mt. Diablo meet will move on to the Northern California Invitational Tourney matches the following week.
